### SAY GERMAN REPLY WILL REPEAT FIRST

Berne, June 27 (dispatch to the London "Morning Post") .- The German reply to President Wilson's second note will, it is understod, be merely a repetition of the reply to the first one. The current of opinion in Germany is represented by the "Lokalanzeiger," which urges the conciliation of America by the modification of submarine warfare, but the Junker, or von Tirpitz, party is strongly opposed to this, saying it is not afraid of America, and should she be foolish enough to send out her fleet, Germany has enough submarines to sink it.
